

# Bevel Power Brush Crimped

Enhance your cleaning and surface preparation tasks with the Kaspro Bevel Power Brush. This versatile and powerful tool is designed to deliver exceptional performance and durability. The brush is meticulously crafted with crimped carbon steel and stainless steel bristles, ensuring reliable and consistent results.

The brush's bevel shape allows easy access to hard-to-reach areas, making it ideal for removing rust, paint, scale, and stubborn debris. Whether you need to clean metal surfaces, prepare surfaces for painting, or restore the shine to your favorite belongings, the Kaspro Bevel Power Brush is up to the task.

This brush is designed to fit most standard power drills, measuring 4 inches in diameter and 1 inch in thickness. The crimped bristles have a length of 1 inch, allowing for efficient material removal without causing excessive abrasion or damage. With a maximum RPM of 10,000, the Kaspro Bevel Power Brush delivers impressive cleaning power while maintaining control and precision. Its compatibility with various power drills makes it a convenient addition to your toolkit, whether you're a professional contractor or a DIY enthusiast.

## Technical Specification:

Item Name:	Bevel Power Brush
Brand:	Kaspro
Material:	Carbon Steel & Stainless Steel
Bristle Type:	Crimped
Shape:	Bevel
Application:	Cleaning, rust removal
Suitable Surfaces:	Metal, wood, concrete
Wire Dia:	0.3mm
Type:	Metal
Max. RPM:	12,500
Wire:	M14x2
Part No:	KASBBCC100
Wire Spread:	100mm

### **Insulation:**

The Kaspro Bevel Power Brush has a sturdy handle that provides insulation from heat and vibrations, ensuring comfortable and safe operation. The handle minimizes fatigue and provides a secure grip during prolonged use.

### **Safety Precautions:**

1. Always wear protective eyewear, gloves, and a dust mask when operating the Kaspro Bevel Power Brush.
2. Ensure the power drill is switched off and unplugged before attaching or removing the brush.
3. Use the brush only for intended purposes and avoid excessive pressure to prevent damage or injury.
4. Keep bystanders, children, and pets away from the work area to avoid accidents.
5. Do not use the brush on delicate surfaces or materials that may be scratched or damaged by the bristles.
6. Regularly inspect the brush for wear or damage, and replace it if necessary.
7. Follow the manufacturer's instructions and guidelines for safely and properly using the power drill and the brush.

### **Disclaimer:**

The Kaspro Bevel Power Brush is designed to provide efficient cleaning and polishing performance. However, using the brush responsibly and following the safety precautions mentioned above is essential. The manufacturer shall not be held liable for any damage, injury, or loss resulting from misuse or improper product handling. Always exercise caution and consult the manufacturer or a professional if you have any concerns or questions regarding using this product.
