

## Brass Sledge Hammer Fibre Glass Handle

Introducing the kaspro Brass Sledge Hammer with Wood Handle – the epitome of strength, precision, and craftsmanship. This exceptional tool is meticulously engineered to meet the highest performance standards, making it a reliable companion for heavy-duty tasks. Whether you are a professional craftsman or a DIY enthusiast, the kaspro Brass Sledge Hammer is sure to impress with its unparalleled efficiency and durability. The Kasweld Brass Sledge Hammer boasts a robust construction with a solid brass head that delivers potent striking power.

The brass material ensures exceptional strength and remarkable corrosion resistance, guaranteeing a tool that stands the test of time, even in the most demanding work environments. Crafted from high-quality hickory wood, the handle of this sledgehammer offers the perfect blend of comfort and functionality. Its ergonomic design and textured grip enhance control and reduce the risk of slippage during operation. The wooden handle's natural vibration-dampening properties also help minimize user fatigue, allowing you to tackle challenging tasks easily.

The kaspro Brass Sledge Hammer excels in various applications, from striking chisels to shaping metal and driving stakes with precision. Its double-faced head features flat and smooth surfaces, enabling accurate and controlled strikes on various materials.

### Technical Specification:

Item Name:	Brass Sledge Non Sparking Hammer
Brand:	KASPRO
Product Type:	Hammers
Material:	Brass head, Fiber Glass Handle
Application:	Non Sparking
Handle type:	Rubber Grip Handle
Safety PIN Material:	Metal
Compatibility:	Suitable various surface & material
Head Color:	Brass
Head Shape:	Sledge
Vibration Reduction:	Reducing user fatigue

## Sizes:

1 LB Handle 11" Head 3"	2 LB Handle 12.5" Head 3.3"	3 LB Handle 13.5" Head 3.8"
4 LB Handle 14.8" Head 4.2"	5 LB Handle 26" Head 4.5"	6 LB Handle 26" Head 5.3"
8 LB Handle 34.3" Head 5.6"	10 LB Handle 34.6" Head 6.5"	12 LB Handle 35" Head 6.5"
14 LB Handle 35" Head 6.8"	16 LB Handle 35.3" Head 6.6"	20 LB Handle 35.5" Head 7.5"

### Safety Precautions:

1. When using the Brass Sledge Hammer, always wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and a hard hat.
2. Inspect the hammer regularly for any signs of damage or wear and tear. Do not use the hammer if it appears to be damaged.
3. Maintain a clean and safe work area, ensuring no obstructions or bystanders are nearby while operating the hammer.
4. Use the sledgehammer only for its intended purpose, such as driving stakes, breaking concrete, or general demolition tasks.
5. Avoid striking surfaces that may cause sparks or create a fire hazard.
6. Keep the hammer away from children and unauthorized users.
7. Store the sledgehammer in a cool, dry place away from direct sunlight and moisture.

### Disclaimer:

The kaspro Brass Sledge Hammer with Rubber Handle is designed for heavy-duty applications and has undergone rigorous testing to ensure its performance and durability. However, the user assumes full responsibility for this product's proper and safe use. kaspro shall not be liable for any accidents, injuries, or damages resulting from misuse, improper handling, or negligence. Following the safety precautions and guidelines provided in the product documentation is essential.
