

# Welding Hand Sleeve

Welding is a challenging and vital profession that demands precision, skill, and, above all, uncompromising safety. The Kasweld Welding Hand Sleeve stands as a testament to our commitment to the welders who work tirelessly to construct our world. Designed with meticulous attention to detail, this hand sleeve is not just a piece of personal protective equipment; it's a shield of trust for welders, offering them the confidence to forge the future safely.

At Kasweld, we understand the demands and risks associated with welding, and we've poured our expertise into crafting a hand sleeve that embodies quality and craftsmanship. This hand sleeve is the result of a fusion between high-quality materials and precision engineering, creating a reliable and durable companion for welding professionals. The Kasweld Welding Hand Sleeve is engineered with your safety in mind. Constructed from flame-resistant leather, it provides a robust defense against the hazards of welding, such as intense heat, sparks, and molten metal splatter. With a temperature resistance of up to 500°C (932°F), you can focus on your work without worrying about your safety.

To ensure a secure and comfortable fit, we've incorporated an adjustable hook-and-loop strap, allowing you to tailor the hand sleeve to your specific needs.

## Technical Specification:

Item Name:	Welding Hand Sleeve
Brand:	Kasweld
Material:	Flame-resistant leather
Width:	6 inch
Length:	14 inch
Thickness:	1.5mm
Temperature Range:	Up to 500°C
Closure:	Adjustable hook-and-loop strap
Weight:	0.5 lb
Abrasion Resistance:	Excellent
Heat Resistance:	Superior
Durability:	Long-lasting
Color:	Yellow

### **Insulation:**

The Kasweld Welding Hand Sleeve features a flame-resistant leather material that offers excellent insulation against heat, sparks, and molten metal splatter. The hand sleeve is designed to withstand temperatures up to 500°C (932°F), providing dependable protection for welders in high-temperature environments.

### **Safety Precautions:**

1. **Inspect Before Use:** Check for wear and damage before each use; replace if necessary.
2. **Proper Fit:** Ensure a snug and comfortable fit with the adjustable strap.
3. **Dedicated Use:** Use the hand sleeve exclusively for welding tasks.
4. **Keep Clean:** Avoid flammable materials on the hand sleeve; clean per guidelines.
5. **Heat Caution:** Avoid prolonged direct contact with extreme heat sources.
6. **Supplementary PPE:** Combine with other welding safety gear for full protection.
7. **Training:** Get trained in safe welding practices and be aware of your work environment.
8. **Emergency Plan:** Know what to do in case of an emergency.
9. **User Responsibility:** Your safety is your responsibility; follow safety guidelines diligently.

### **Disclaimer:**

This datasheet is for informational purposes only and is not a warranty or guarantee of the product's performance or fitness for a particular purpose. Kasweld shall not be liable for any damages, injuries, or losses resulting from the use or misuse of this welding hand sleeve. Users are advised to follow safety guidelines and seek professional advice when necessary. Product specifications and design may change without prior notice.

For detailed instructions on product usage, maintenance, and safety, please refer to the product manual provided with the Kasweld Welding Hand Sleeve.
