Product Name:	Wrap Around
Product Group:	Welders & Pipe Fitters
Material :	Non Asbestos
Manufacture / Supplier:	KASWELD
Rust Resistance :	Yes
Usage/Application:	Pipe Making
Packaging:	Roll
Pipe Fluid :	Chemical, Gas Water

How to use.

We feel immensely pleased to offer an exclusive gamut of Wrap Round. Our offered Wrap Round are made by utilizing optimum quality raw material and advanced technology. In order to ensure quality, the entire range is rigorously tested on various parameters. In tune with international standard, we provide the entire range in various specifications, as per the requirement of our clients.

Technical details / Advantages:

Ideal tool for marking out the outer surface of pipes. Thanks to the imprint and the stable edges, angle markings and straight lines are easy to set. The asbestos-free material can withstand temperatures of up to 550 °C to approx.

- Screen printed tape measures which limits the need for an extra tape measure
- Circumference & quartering scale
- Wraps are packaged in durable, reusable containers
- Made from a non-asbestos, heat-resistant material
- High density product for heavy duty service at temperatures up to 360° F
- Outstanding resistance to oil, gasoline, kerosene, water and sea water
- Thick and straight edges for easier, more accurate marking
- Made of tough, flexible material with a protractor, scale and 45° angle markings.
- Used by all layout men, fitters and welders.
