Welding Holder

KASWELD is a trusted name in the industry, offering a superior quality range of Welding Holders, specifically the 300 AMP-American Type, to our customers. As the leading provider of Welding Holders, we ensure our products meet industry standards and utilize advanced technology.

We offer these Welding Holders at affordable rates, featuring low maintenance and lightweight design. Made from high-quality raw materials, these holders undergo thorough testing by our professionals to guarantee their quality and performance. We maintain a diverse inventory of Welding Holders, sourcing from reputable vendors to ensure top-notch products for our clients.

Technical Specification:

Item Name:	Welding Holder
Max AMP:	300 Amp
Model:	Tweco
Brand:	Kasweld
Material:	High-grade Steel
Handle Insulation:	GF Polyimide
Electrode Capacity:	3.2-5mm / 1/8-3/16 inch
Tip Insulator:	DMC
Lever:	Steel Casting
Hardware:	Allen Screw, Handle Screw & Tip Screw
Spring Type:	Spiral
Duty Cycle:	@35% 300Amp / @60% 250Amp
Max. Cable Capacity:	Europe - 50mm ² / USA - 1/0
Length:	255.0 mm / 10.04 inch
Net Weight:	511 gms / 1.12 pound / 18.0 O _z
Height (At Max. point):	90.0 mm

Safety Precautions

- 1. Personal Protective Equipment (PPE):** Always wear appropriate PPE, including a welding helmet with proper filter lens, flame-resistant gloves, long-sleeve jacket, and safety boots.
- 2. Work Area Safety:** Ensure the welding area is well-ventilated to avoid inhalation of harmful fumes and gases.
- 3. Electrical Safety:** Verify that the welding machine is properly grounded. Inspect cables and connections for wear and damage before each use.
- 4. Holder and Electrode Handling:** Ensure the welding holder is in good condition, free from cracks or damage.
- 5. Fire Safety:** Keep a fire extinguisher nearby and be familiar with its operation.
- 6. Fume and Gas Exposure:** Position yourself to avoid inhaling welding fumes; use fume extractors or local exhaust ventilation when necessary.
- 7. Arc Flash Protection:** Warn others in the area before striking an arc.

Disclaimer:

KASWELD, the manufacturer of the 300 AMP American Type Welding Holder, declares that this product is intended solely for professional use by qualified and trained individuals. KASWELD shall not be held responsible for any misuse, mishandling, or improper operation of this welding holder, which may result in injuries, accidents, or property damage.
